

2022 Spring Semester COVID Protocol

Masks are recommended but not required with the following exceptions.

Exposure Outside Home Quarantine

- Parents have the option to either follow the 5 day quarantine guidance (see Inside Home Quarantine guidance) or send the student to school as long as the student is symptom free and wears a mask.

Exposure Inside Home Quarantine:

Unvaccinated, or became fully vaccinated more than 6 months ago (Moderna or Pfizer vaccine) or more than 2 months ago (J&J vaccine) and have not received a booster:

- You must quarantine at home for 5 days. After that, continue to wear a mask around others for 5 additional days.
- If possible, get tested on day 5.
- If you develop symptoms, get tested and isolate at home until test results are received, then proceed in accordance with the test results.
- If fully vaccinated the student could attend school and wear a mask for 10 days.

Positive COVID Test:

- **Everyone, regardless of vaccination status:**
- Stay home for 5 days.
- If you have no symptoms or your symptoms are resolving after 5 days, you can return to school.
- Continue to wear a mask around others for 5 additional days.
- If you have a fever, continue to stay home until your fever resolves.
